Black Dolls:

Not enough girl-on-girl action for me. C'm on guys, lets get some more lesbian photo sets and videos in your rotation. I don't care if it only two girls, three girls or more girls. I don't even care if there is a guy in the shots, just be sure that there are at least two girls and they are doing themselves, too, if there is a guy.

—L.C., Savannah

even deeper into her pussy and sucked her juices up into my mouth. I could feel her tiny pink gash widening between my lips, her pussy now ready for penetration. My cock definitely recognized the signals she was putting out. The taste and feel of teenage girl on my tongue had made me fully erect.

I undid my zipper and pushed my pants halfway down my legs, then started to kiss my way up her body. She might have been an 19-year-old college girl, but she could still have passed for a schoolgirl. Her curly bush was wet with her juices, while smooth, her taught stomach didn't have so much as an ounce of fat on it. Her tits were small and firm, and I was almost able to swallow each one whole.

I felt her nipples brush against my lips as they entered my mouth one after the other. I sucked on those sexy little mounds, pulling on her nipples with my teeth, until my cock

LYING IN WAIT

I guess I'd had too much to drink that night, because when our hostess told me that the john was the first door on the right at the top of the stairs, I found myself mistakenly bursting into her 19-year-old daughter's bedroom. What made it even more embarrassing was the fact that the young girl was lying on top of her bed stark naked and masturbating. Her hands were between her spread-eagled legs, one of them fingering her clit and the other one pushing up between her wet, pink lips. I quickly apologized and

was about to leave when she told me to stop.

"Your mouth would feel so much better than my fingers," she said. Then she parted her legs even farther and withdrew her hands to make way for my lips.

I shut the door behind me and climbed onto the bed. As my tongue moved toward her fresh, teenage pussy, I could smell the juices that had spilled out onto her wispy bush. Her pussy was tiny, just a small pink gash. I rested my head between her legs and started to suck on her tasty lips. She'd obviously been masturbating for quite a while, as

the lips were sticky and soaked with pussy-juice.

As I surrounded her tight pussy with my hungry lips and shoved my tongue into her hole, I felt her hands stroking my hair. Soon she was groaning loudly. My tongue licked inside her before withdrawing from her pussy and licking round her entrance. As her groans became wilder, I realized that it was lucky that there was a party going on downstairs to drown out her sounds.

I pushed my tongue

*I was stretching the girl close to the breaking point,

couldn't take it any longer. Then I kissed my way farther up her body until I felt my helmet pushing against her warm, wet entrance.

I didn't realize how tight she was, because it was quite an effort forcing my cock inside that sticky pussy of hers. Even with all that pussy-juice pouring out

body as she yelled told me that it was a scream of pleasure rather than one of pain.

Slowly, her pussy adjusted to the size of my cock, and she started to enjoy herself. Her fingernails dug into my butt, and her hips began to swing in time with mine, driving my full length up her every time my body

slurp and suck the cum right out of my balls.

Lost in pussy paradise, I kept on greasing her tight, young passage with my juicy cock. With my considerable girth, I was stretching the girl close to the breaking point, and the feeling inside her was making her scream almost loud enough to drown out the

almost knocking me to the floor. I somehow managed to keep my cock between her shuddering thighs and my hand inside her jabbering mouth as she desperately tried to contain the passions that were driving her wild. The sudden burst of energy between her legs made my entire shaft tingle. With that, I fired my spunk inside her.

My cum seemed to cool her down a bit, and she stopped biting on my hand. She let out a long, contented sigh, then started kissing my face and neck. I thrust my cock gently up her again and felt a second load of spunk go shooting out.

Her thighs gripped my body while her pussy sucked up the extra spunk. My balls had given her all I had, which seemed to satisfy her lust. I kissed her on the lips and let my cock go soft inside her.

"Oh, yeah," she said, suddenly breaking away from my kiss and fixing me with a smile, "the bathroom's the one on the right."

— Samuel, Maine

LIGHTS, CAMERA, BJ

I'm writing to you because I have read some of the letters and stories that you publish and I

of it, it was still the tightest little crack I'd ever penetrated. It took a few good thrusts before I was able to get all of my shaft inside her.

I really had to force my way between her lips. I lifted my ass in the air and then shoved my hips toward her. Only gradually, after a lot of bumping and grinding, was I able to get all the way inside her. My full nine inches actually made her scream, but the sexy way that she clung to my

thrust forward.

My cock was totally loving its swim in her tight pussy. The sensations in my shaft were twice what I got while screwing my wife, thanks to her teenage tightness and the extra-sweet stickiness of her juices. It was great to screw a pussy that wasn't at all loose or slack. Her youthful freshness meant that her pussy was almost strangling my cock. Its muscles gripped at my shaft and tried to

noise of the party.

Trying to keep her quiet, I settled my hand over her mouth and fucked her hard and fast. She bit on my fingers, the pleasure too much for her to stand. Her mouth couldn't relieve the tension by screaming, so all the sexual pressure kept mounting in her pussy until it finally burst out in a violent, explosive orgasm.

Her pussy started doing somersaults, and her body twisted and turned,

want to add my two cents and maybe it can be of help or interest to someone. Princess and I have been married for almost five years. We're in our early thirties and our sex life had gotten stale. Oh we did it every now and then, but same old stuff. I wanted things to be more fun and creative, she just wanted it over. So after a

several blowjob scenarios and shot them. It not only gave me a chance to get some head, but my wife actually enjoyed controlling the action for the camera. She would put the camera in various positions to capture her mouth and my cock. It's a pretty simple process, for example: I lay down on the bed or into a chair and she

web. We found sites that would accept amateur submissions and learned to format and upload them to the sites. The technical backend of video size and format, etc. is so much easier now than it used to be. Many of the sites tell you exactly how to do it and if you follow the instructions, it's not hard at all.

We've uploaded almost

the most viewed list on the sites we posted. Some of the comments were also for my cock and huge cum loads, but I don't want to blow my own horn. That's for her to do. Now I've never had huge loads until we started doing the videos and she's been sucking me more and more.

I must admit that the clips of my eating her out do not get as much traffic. It's really hard to shoot a pussy and clit with a mouth covering it. If you shoot from the side and stick your tongue out, it always looks weird and you can't get it into the pussy, so we're going to experiment with anal licking.

There's probably an audience for it and if my wife agrees, that would be another first for us, too. Since we've been doing this, I can get rock hard again in a few minutes compared to the recovery time it took me a few months ago. There were times that I couldn't even get it up a second time! Now, it's just like my college days when I could probably fuck a whole sorority without once going limp!

This has also done great things for us outside of sex. We talk more and laugh more. And, of course, we're now fucking more.

— Andrew, Charlotte, NC

lot of thinking and talking, we decided to try filming ourselves.

At first it would be only for us and if we thought more of it, maybe we would share it anonymously. With all the new phones and cameras, it was easy to shoot and see ourselves. Initially we thought we were too out-of-shape to excite anyone, so we decided to just shoot oral sex until we got into better shape. Filming ourselves gave us reason to do that.

At first, we planned out

works her way up my legs until she reaches my cock.

Sometimes, I'll be limp and let her bring me to full arousal, or sometimes I'll be at full attention waiting for her lips. Then she'll use her hands and mouth to milk my cock and balls until I release a hot load of cum all over her face. A few times, she has even tried to swallow, something she had not done in our years together!

Then little by little, we started uploading some of the short videos to the

thirty clips to the web and have gotten great feedback. Most of it saying how great a cocksucker my wife is. With that to feed her ego, her fellating has gone to a whole new level than before the were filming. Now, she'll do tongue tricks, suck both my balls, suck it upside down, it's great, and all I have to do is just lay there and take it.

Needless to say, our videos have gotten much better since we first started. In fact, the last three of our uploads have made

JANEA STRESS RELIEF

Janea Jolie's man has blown her off on their date plans for the last two weekends. She's reached her limit. She needs to blow off some steam, so she calls a service and requests a masseur who can help relieve some stress. He shows up and rubs his hands over her smooth skin, getting her excited for some deep tissue work. Then, he rubs her clit and slides his big cock inside her tight pussy while she gyrates and whimpers in pleasure.

the temptress

Nothing makes me hornier than to expose myself

I bend over the magazine rack in the local drugstore, my shorts creep into the crack of my ass. Most of my hot little bottom is exposed to the pharmacist as he stares at me. I feel a dampness in my cunny as I rise and turn toward my victim. I smile and lick my lips as I confirm that the bulge in his pants is for me.

As usual my little show works. But he has only seen Act One. Next I walk over to the counter a few feet away and kneel on the floor. Then, in my most innocent voice, I ask him to help me find the aspirin. The pharmacist walks over and stands next to me. He gasps as he stares down the front of my low cut blouse and sees my bare, erect nipples. I hope he's getting the longest and clearest breast shot of his life.

I am not exposing myself to satisfy him. It is my need. My ache I yearn to quench. Very slowly I lean toward his bulging crotch as though scanning the shelves for the aspirin. As my cheek touches the soft mat

rial of his trousers, I feel the shape of his twitching dick. That's all it takes. I feel the ripples running up my spine as my clit vibrates against my shorts, which pull tightly into the slippery "V" of my pussy. My face is only in contact with his prick for a few seconds, but that is enough.

I always come when I touch a hard-on that I have created. I grab a bottle of aspirin, then I stand up and thank the nice man. As I go to the cashier, the pharmacist looks dumbfounded.

I have been playing this game for two years and have not gotten tired of it. In fact, each time is more exciting than before. I like to make men hard. I touch them if I can and have a quick orgasm. Then I leave before they try to do something with the erection I caused.

So far I have been successful 53 times in two years. It's more fun doing it in public places. And I find that older men are the easiest targets. I've been fascinated by hard penises since that night nine years ago when I saw my BFF's dad with a hard-on. It was the first penis I'd ever seen. It was only a glimpse as he and his wife were fooling around one Sunday afternoon and forgot to close the bedroom door completely.

After that I tried constantly to catch her dad with his clothes off, but I never did. A few times I saw him in his shorts. I could almost make out the shape of his pecker, but it wasn't the same as actually seeing it.

The summer I turned 21, I was cutting the grass one day and I wore a bikini to get a suntan. Ralph, our neighbor, who is about the same age and build as her dad, was trimming the grass around the fence that separated our yards. My lawn mower stalled.

I paid no attention to Ralph as I checked the level of gas in the tank. As I bent over, with most of my ass exposed from my skimpy bathing suit, I noticed the whirr of Ralph's clippers coming closer. My bottom was only about an inch from the chain-link fence. I could feel his breath on my ass.

The dirty old man was getting quite a show. I smiled and decided to really give him his money's worth. I remained facing away from him and reached back and tugged at the waistband of my bikini, pulling the flimsy material up into the crack of my ass. There was an audible gasp as he viewed my almost-naked bottom. My cunny was getting damper by the minute.

There was no gas in the mower. This gave me an idea. I stood up and began pulling the starter rope, knowing it wouldn't start. It startled me to see the obvious shape of my neighbor's erect penis as it pointed down the leg of his shorts. It was almost long enough to peek out from the shorts. I was trembling. He had a hard-on and I had created it.

As I had planned, Ralph offered to help me start the mower. He saw what was happening and came around to my yard. He pulled the rope once or twice and then squatted by the mower to check the air filter. I moved my hot box to within inches of his face. His breathing was erratic.

I watched as he touched his stiff dick, adjusting the position. Each time he did I hoped to see the head pop out, but I was not that lucky. Finally I grabbed the gas can and bent over to pour some into the tank. He moved to a spot directly behind me and out came his dick. I felt him push harder. There was very little space between me and the fence, so it was easy to back up just a little and rub my horny ass against his hard rod. As I wiggled my ass against him, pretending not to notice.

Then he dry-fucked my ass right there in the yard. Suddenly, just as I began coming, the gas began to overflow from the tank. I moaned, as though I was concerned over the spilled gas, but it was really because he was coming in his pants. This made me come. Ralph cleared his throat and quickly returned to his yard, mumbling something about the mower being okay, that it had gas. I felt this incredible satisfaction when I saw there was a large damp patch on the front of his shorts, where he had spilled his juice.

I soon began to wonder if all men were that easily aroused and handled. I began to experiment. Shopping centers were great places to put my theories into practice. There were always plenty of middle-aged men there, and it was too public for me to get into trouble. My next victim was a shoe salesman. I dressed in a short skirt, see through panties and a thin, silky top, with no bra. I looked in a number of stores before I spotted him. He was in his early forties. He looked lonely and figured I couldn't tell that he was running his burning eyes over my entire young body.

His hand rubbed the front of his pants. He had a hard-on. I knew I had him. But I still needed the physical contact. Contact makes me come. Then

I told him the shoes were too tight. He explained that they were the right size. I suggested that the stockings I had on might be the problem. Before he could reply I moved back to the chair and raised one of my legs, giving him a clear view of my cunny. He moved to the stool in front of me and began to adjust the shoe. I made sure that my legs were parted and my blouse dipped, so that I gave him a clear view of my barely covered snatch and my erect nipples. This time he looked. He was behind me.

I decided to add some excitement to his life. I asked him to help me

I gasped as I touched his tool. It was not in his pants. He had unzipped them and slipped his dick out. It was his naked dick that had been riding the crack of my ass.

remove the shoe as I worked on the stocking top.

I began by being very prim and proper. I sat with my knees together, my hands in my lap, and asked to see a shoe that had caught my eye in the window. I told him my size, but he suggested that he measure my foot just to be sure. As I raised my foot, my knees parted slightly. He managed to look everywhere but up my dress. I guess shoe salesmen are trained to do that. He held my foot in his hand as though it were a piece of fine china.

His hands were warm and soft. When the stocking was all the way off I let my foot drop into his lap. I laid it directly on his erect penis. I could feel the pulse in it. He made no effort to move as I raised my other leg and removed the stocking, all the while rubbing up and down on his hard dick.

Then he pushed forward against my foot and I felt his penis jerk as he spurted his love juice into his pants. When I saw the damp spot on the front of his pants, I squeezed my legs together and came like never before. I laughed as I walked to my car, wondering how he managed to work the the day with cum all over his pants. Maybe shoe salesmen keep an extra pair for emergencies.

Some of my experiences have been as simple as feeling a dude behind me in an elevator. I seldom make the first move, but if he touches my ass with his dick, I back into it and give him a rub like he has never had. It works in any crowded place--at concerts, on buses, even in line at McDonald's. One particular scene was the best. I guess it's what made me write this story. I had to tell someone.

I was at a concert. Standing room only. I arrived late and found the only place left was at the railing in the back. It was crowded and dark, but I had a pretty good view. As I leaned against the rail, sex was the last thing on my mind.

I felt a man press his pelvis against me. He put his hand in front of my leg, almost at my knee. I knew I should stop him, but I wondered how far he would go. I gasped as he let his hand creep up my leg toward my burning snatch. My dress was pulled into my pussy.

I gasped as I touched his tool. It was not in his pants. He had unzipped them and slipped his dick out. It was his naked dick that had been riding the crack of my ass. It seemed to swell even bigger as I wrapped my hand around it and ran my thumb in circles around the tiny hole in the tip. He was oozing. Automatically I pushed my ass back. I savored the feeling of his penis as it pushed into my crack, through my dress. We remained like that for about a half hour as he gently rubbed his prick up and down my ass. I was dripping love juice like mad.

Suddenly I felt his hand on the front of my leg, almost at my knee. I knew I should stop him, but I wondered how far he would go. I gasped as he let his hand creep up my leg toward my burning snatch. My dress was pulled

into my pussy. His hand was now in my panties, his fingers rolling around my dripping clitoris.

His lips were pressed to my ear. He began whispering as we stroked each other. "Yeah, that's it. Slow and easy, baby. Make me come. Oh, yeah! Pump Me! I'm coming!" As his cum boiled over into my stroking hand, I pushed his hand deep into my pussy and came so hard my knees buckled. Before I could recover, he was gone.

I was left with a hand still sticky with his cum and with a very warm and satisfied pussy.

ALEXIS, HEAVEN IN RED

Alexis Silver is the kind of someone that you just don't see everyday. Now we've seen lots of girls with 34D and even 34DD breasts, but this girl actually has 34DDD breasts! That's right, you're not reading it wrong... that is three D's. We mean this girl's boobs are just about the only thing that we can seem to concentrate on. But can you really blame us? And the funny thing is that it's not like she's all breast and nothing else, she's actually VERY sexxy with great lips and sexy bedroom eyes. Not to mention an affinity for long glass dildos.
